

# JUMBO MOULDBOARD PLOUGH

The Fieldking Jumbo Mouldboard Plough is protected with shear bolt for safety. It's heavy duty tubular structure and strong frame design help to resist load during deep ploughing.

It has an adjustable depth wheel to control the depth and load of plough while high quality boron steel tyne provides high strength to load protection.

**Drawbar adjustment**

**Boron steel tynes with overload protection**

**Robust rigid frame**

**Shear bolt for overload protection**

**Tyre**

## SPECIFICATIONS

MODEL	FMP3SB	FMP4SB
No of Furrows	3	4
Frame Box (mm)	118 x 118 x 9	
Mouldboard (mm)	8	8
Blade (mm)	10	10
Bar Point (mm)	100 x 15 Forged	
Width of Cut (mm)	1010	1310
Depth of Cut (mm)	280	
Safety	Shear bolt	
Weight (km)	420	530
Tractor Power (hp)	70-90	90-110
(kw)	52-67	67-82
