

New Holland Square Baler

BC5060

With features designed for effective baling, this baler is any farmer's dream.

With 75-inch SuperSweep™ pickups, Class 6 heavy duty drivelines and plungers that move at 93 strokes per minute, you get densley packed, consistent and well-formed bales. Features making this baler the best in it's class includes an exclusive Power-Pivot for tight turns.

Requires only 75 PTO horsepower.

Compatible with both baling wire or twine, with a heavy duty twine knotting mechanism which is easily serviced.

The baler built for commercial performance. Ideal for horse farmers, the New Holland bales are the only choice for hand-feeding because they quickly separate into flakes.

Only 62hp minimum tractor power required.

Tapered roller bearings and heat treated, alloy-steel gears run in oil for smooth, quiet working. Shearbolt protects from overloads.

SPECIFICATIONS

BC5060

Bale Size		
Cross section	(cm)	36 x 46
Length	(cm)	Adjustable 31 - 132
Super-Sweep Pick-up		
Width inside	(m)	1.65
Width on flare	(m)	1.8
Number of teeth		110 on 5 tooth bars
Floating windguard		Eight rods
Gauge wheel		
Rotary Feeding System		
Type		Packer fork with 3 paired rotors
Drive		Chain from main drive shaft; sealed ball bearings on all shafts
Feed Opening	(cm ²)	1826
Plunger		
Stroke length	(cm)	76.2
Speed (540 rpm)		93 SPM
Construction		High strength steel
Tying Mechanisms		
Type		Knotter or Twister (heavy-duty)
Protection		Shearbolt
Capacity - twine		6 balls
Capacity - wire		4 coils
Main Drive		
Flywheel diameter	(cm)	56
PTO		3 - joint
Protection		Shearbolt, overrunning and slip clutches
Gearbox		Hypoid with tapered roller bearings, heat treated alloy steel running in oil
Tyres		
Flotation Right		27 x 9.50-15, 6PR
Flotation Left		31 x 13.50-15, 6PR
Dimensions		
Height max	(cm)	178
Width	(cm)	279
Length	(cm)	626
Weight		
Twine version	(kg)	1542
Wire version	(kg)	1603
Recommended Transport Speed	(km/h)	32
Tractor Requirement (Min)	(kW/hp)	30kw/50hp
Options		

Hydraulic pick-up lift; hydraulic tongue swing; needles slot baffle kit; auxiliary lights; road light kit; wagon hitch and bale loading chute; triple purpose chute; quarter turn bale chute; hydroformatic bale tension; ball hitch; bale case extension; grass feeder kit; safety chain; two position hitch; knotter automatic oiler kit.
